## Registered Stone Medicine Practitioner – Educator Application

---

The Stone Medicine Guild grants designations to stone medicine practitioners and educators that have completed a set number of educational requirements and acknowledges those educational requirements by granting the use of a SMG designation.

All credentials submitted to the SMG for consideration towards a SMG designation must be for stone medicine classes for which PDA points or CE hour credits are granted by a licensed healthcare professional organization\* **OR** certificates from schools recognized by the SMG from which credit hours will be determined based on actual class lecture hours.
